

# Parking in Brussels during a job

For Roro. Read on [parking.brussels](https://parking.brussels) on 28 September 2026.

## The short answer

- There is no cheap card for your trade. The card at 75 EUR a year is for home medical care only.
- The card for companies is the "Carte régionale de stationnement Professionnel".
- It costs **90 EUR a month**, or **1,080 EUR a year**.
- You do not need it to start. You can pay per job, with the app or at the meter.

## What the card gives

- Valid in all 19 communes of Brussels.
- Yes: blue, green, grey and "événement" zones.
- No: red zones, orange zones and reserved places. In red and orange zones you pay the meter, with or without the card.
- The card goes behind the windscreen, easy to read.

## Card, or pay per job?

- Paying per job: the price depends on the commune and the zone.
- The card costs 90 EUR a month, jobs or no jobs.
- Start by paying per job. After one month, look at what parking cost you. Then decide.

## How to get the card

1. Go to [parking.brussels](https://parking.brussels), then "Carte régionale", then "Professionnel".
2. Fill in the online form "Demande de carte régionale de stationnement professionnel".
3. The first time, they ask for a "plan de déplacement d'entreprise" (how the company travels), or something equal.
4. Choose the months: 1 month is 90 EUR, 12 months are 1,080 EUR.
5. Pay by bank transfer, with the number plate of the van as the message, or by card at one of their offices.
6. Renew it yourself before it ends. Nobody reminds you.

## Call them first

- 02 563 39 00, Monday to Friday, 8:30 to 12:30. They do not answer e-mail.

### Ask three things:

- My company is in Vilvoorde. Can I get the card?
- Is there a time limit each time I park?
- What do you accept as the travel plan for a company with one van?

## The van

- Euro 6: allowed in the Brussels low emission zone today.
